

## Recording is more affordable than ever!

Ensure your systems have the latest Blu-ray Disc recording technology

Rimage is pleased to announce Blu-ray Disc recorder price reductions on new and existing Professional™ and Producer™ III systems or when upgrading an existing Professional or Producer III system:

- Include Blu-ray Disc recorders with your new Professional™ or Producer™ III systems for only **\$500** per drive.
- Upgrade your existing Professional or Producer III system for only **\$569** per drive.

Blu-ray Discs (BD) have up to 10 times more recording capacity than DVDs, allowing you to record 50 GB on dual layer BDs and 25 GB on single layer BDs. Blu-ray Disc technology is perfect for a multitude of applications including video, high capacity data files, and archiving.

Take advantage of the new pricing today! Contact your VAR, Regional Business Manager, or Rimage Inside Sales at 866-587-5903 to learn more about Rimage disc publishing systems with Blu-ray Disc recorders or to upgrade your existing Professional or Producer III system with Blu-ray Disc recorders.
