

RIMAGE PRODUCER™ IV SERIES

Unrivaled Performance, Versatility and Quality

Rimage Producer IV disc publishing systems are the industry standard for anyone producing professional CD, DVD and Blu-ray Discs™. With industrial grade robotics, direct-to-disc printing and professional recording technologies, the Producer IV Series meets the world's most challenging disc production demands.

Benefits

Powerful printing

Producer IV systems have the world's best full-color and thermal monochrome disc printers, providing top of the line printing and industrial-grade production in one scalable package.

Quick turnaround

Designed for 24/7, high-volume and unattended production, Producer IV systems publish hundreds of customizable discs per day, so you can deliver customer-tailored discs faster.

Superior performance

The four-bin carousel and 100-disc external output bin comes standard with the Rimage system, enabling four media types to be available concurrently. The reliable Rimage robotics are designed to output discs continuously for years.

Features

- Integrated DiscWatch™ status light
- 100-disc external output bin
- USB 2.0 port, rear USB 3.0 ports
- Internal lighting
- Up to four quick-release front-swappable recorders
- 400-disc rotating carousel for input/output
- Four line LCD status display
- Embedded control center with network connectivity
- Rimage Software Suite (RSS)
- Everest® 600 printer or Prism III™ printer
 - Everest: Best quality printer for permanent, full-color printing
 - Prism III: Fastest and lowest-cost per disc thermal monochrome printer on the market

Options

- Blu-ray recorders
- Everest 600 or Prism III print technology
- Keyboard, monitor and mouse kit

SYSTEM SPECIFICATIONS

	PRODUCER 8200N	PRODUCER 7200N	PRODUCER 6200N
Number of Recorders	4	2	1
Carousel / Total Capacity	4 bins / 400 discs		
External Output Bin Capacity	100 discs		
Printer	Everest 600 or Prism III		
CPU	Intel 6th Generation I3-6100		
Trusted Platform Module (TPM)	Included	Not Available	
HDD Storage	4 x 500 GB		3 x 500 GB
RAM	8 GB		
Operating System	Win 10 Enterprise 64-bit		
Network Adapters	Two 1 GB Ethernet		
Rimage Software Suite (RSS)	A full set of software tools enabling unique artwork design, job submission, control center operation, production monitoring and custom application creation.		
CD Designer™	Label creation software – included
